

Driving Directions to Natura Farms from the Twin Cities

- (1) Take I-35W north to exit 129. (That is the first exit after I-35W and I-35E join together to form I-35 just south of Forest Lake, about 20 miles north of downtown St. Paul.)
- (2) Turn east/right on highway #97 and go east for 7 miles.
(After about 2 miles there is a stop light for highway #61. Hwy #97 turns north with #61 for about 1/4 miles, then keeps going east.)
- (3) Turn south/right at the only 4-way stop light on #97. This is Co. Rd. 15 & Manning Trail. Go exactly two miles. Our farm is on the west/right side of the road. There are several greenhouses on the right side.

Come visit us often and bring your family and friends!
